Global Ambient Assisted Living Market Research Report- Global Forecast 2027

Report / Search Code: MRFR/SEM/0509-HCRR  Publish Date: July, 2017

Price  
1-user PDF : $ 4450.0  
Enterprise PDF : $ 6250.0

Description:

Global Ambient Assisted Living Information, By system (Safety & Security Systems, Communication System, Medical Assistance system, Power Management System), by Sensors (Temperature sensor, Occupancy sensor)- Forecast 2016-2027

Study Objective of Ambient Assisted Living Market

· To provide detailed analysis of the market structure along with forecast of the various segments and sub-segments of the Global Ambient Assisted Living Market

· To provide insights about factors affecting the market growth

· To analyze the Ambient Assisted Living market based on various factors- price analysis, supply chain analysis, porter’s five force analysis etc.

· To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)

· To provide country level analysis of the market with respect to the current market size and future prospective

· To provide country level analysis of the market for segment by system, by sensor and sub-segments.

· To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market

· To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Global Ambient Assisted Living Market
Market Synopsis of Ambient Assisted Living Market

Market Scenario

Ambient Assisted Living refers to the highly advanced system for assistance to old people or physically disabled people who choose to live independently. This system provide assistance for better, safer and healthier life in the preferred environment. In the last few decades, ambient assisted living market has grown rapidly. Currently this market has been valued at US $XX billion which is expected to grow by US $XX billion during the forecasted period. Advancement of technologies and new products for smart house is giving the boost to this market and currently growing with the CAGR of XX%.

Market Segmentation

Segmentation by Sensors: Temperature sensor, Occupancy Sensor among others.

Regional Analysis

Currently North America is dominating the market of Ambient Assisted Living. A study shows that in the year 2012, the United States has more than 22,000 Ambient Assisted Living facilities which were accommodating more 700 thousand people. This feature has grown since the year 2000. Currently North America is responsible for XX% of market share followed by Europe which holds XX% of market share due to the aging population. Asia-Pacific holds XX% of market share where Japan is facing problem of aging population. One in four people of japan is above age of 65 which is driving the market of Ambient Assisted Living.

Key players

The key players in the market of Ambient Assisted Living are- Assisted Living Technologies, Inc. (U.S.), Honeywell International, Inc. (U.S.), Siemens AG (Germany), Ingersoll Rand Plc. (Ireland), Legrand SA (France), ABB Group (Switzerland), Tunstall Healthcare Ltd. (U.K.), Chubb Community Care (U.K.), Televic N.V. (Belgium), Telbios (Italy) among others.

Industry News

· In June 2016, Tunstall Healthcare Ltd announced that National charity Hft is using Tunstall connected care solutions for enhancing the peoples living with learning disabilities.

· In April 2016, Assisted Living Technologies, Inc. announced the collaboration with
Connecticut Association for providing healthcare services at home.

The reports also covers brief analysis of Geographical Region includes:

**Americas**
- North America
- US
- Canada

**Europe**
- Western Europe
- Germany
- France
- Italy
- Spain
- U.K
- Rest of Western Europe
- Eastern Europe

**Asia– Pacific**

Asia
- China
- India
- Japan
- South Korea
- Rest of Asia

Pacific

**The Middle East& Africa**

The report for Global Ambient Assisted Living Market of Market Research Future comprises of extensive primary research along with the detailed analysis of qualitative as well as quantitative aspects by various industry experts, key opinion leaders to gain the deeper insight of the market and industry performance. The report gives the clear picture of current market scenario which includes historical and projected market size in terms of value and volume, technological advancement, macro economical and governing factors in the market. The report
provides details information and strategies of the top key players in the industry. The report also gives a broad study of the different market segments and regions.
