Intraoral Cameras Market Research Report- Global Forecast To 2023

Global Intraoral Cameras Information, By Types (USB Camera, Fiber Optic Camera, Wireless Camera, Others), By Software Types (X-Ray Software, Button Capture Software, Others), By End Users (Hospitals, Dental Clinics And Others) - Forecast To 2023

Market Scenario:

Intraoral camera is a small camera that takes the X-ray of the tooth or gums of the patients. It is a pen having disposable sheath. It provides a clear picture of the mouth and teeth which aids the dentist to decide the line of treatment. It is an alternative for traditional dental mirrors which are previous used by the dentists to get the visuals of tooth or gums. It is useful in diagnosing dental conditions like tooth decay and cracked teeth. It is widely used for dental restoration procedure. With the help of intraoral camera the doctor is able to show the picture of tooth or gums on the monitor instead of just explaining the result of diagnosis. These advantages of intraoral camera contribute to an increase in the demand of these cameras. Easy and reliable diagnosis, quality of product and safe use also drive the market growth. Global market of intraoral cameras is expected to reach USD 2450 million in 2023 from USD 1250 million in 2016 with a CAGR of approximately 9.5% during the forecast period 2017-2023.

Study objectives:

Main objective of this research is to provide information about intraoral cameras market, types of intraoral camera, type of software and end users.

- To provide detailed analysis of the market structure along with forecast for the next seven years of the various segments and sub-segments of the intraoral cameras market.
- To provide insights about factors affecting the market growth.
- To analyze the intraoral cameras market based on various factors- price analysis, supply chain analysis, porters five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- Americas, Europe, Asia-Pacific and Middle East and Africa.
- To provide country level analysis of the market with respect to the current market size and future prospective.
- To provide country level analysis of the market for segments by types of intraoral camera, type of software, end users and its sub-segments.
- To provide overview of key players and their strategic profiling in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape
To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the global intraoral cameras market.

**Figure 1: Global Intraoral Cameras Market, By Type, 2016:**

![Global Intraoral Cameras Market, By Type, 2016](chart1.png)

**Key Players:**
Danaher Corporation (U.S), Sirona Dental System (Germany), Carestream Health (US), Gendex (US), Owandy Radiology (USA), TPC Advanced Technology Inc. (US), Digital Doc LLC (US), DEXIS (US), Prodent (US)

**Segmentation:**
Global Intraoral cameras market has been segmented on the basis of types of intraoral camera which includes USB camera, fiber optic camera, wireless and other intraoral cameras. On the basis of software types intraoral market is segmented into X-Ray software, button Capture software and other softwares. End users are hospitals, dental clinics and others.

**Figure 2: Research Methodology**

**Regional Analysis:**
Globally, intraoral cameras market consists of four regions Americas, Europe, Asia-Pacific and Middle East and Africa. America dominates the largest market for intraoral cameras. Increase in awareness about dental health and dental examination devices fuelled the growth of the market in America. Europe is the second largest market. Asia Pacific shows fastest growth in this market. The market shows steady growth in Middle East and Africa.
Intended Audience

- Medical device manufacturers
- Medical device suppliers
- Contract Research Organizations (CROs)
- Research and Development (R&D) Companies
- Academic Medical Institutes and Universities

The report for intraoral cameras market of Market Research Future comprises of extensive primary research along with the detailed analysis of qualitative as well as quantitative aspects by various industry experts, key opinion leaders to gain the deeper insight of the market and industry performance. The report gives the clear picture of current market scenario which includes historical and projected market size in terms of value and volume, technological advancement, macro economical and governing factors in the market. The report provides details information and strategies of the top key players in the industry. The report also gives a broad study of the different markets segments and regions.
6.2 Fiber optic camera
6.3 Wireless camera
6.4 Others

7. Global intraoral cameras market by software type
7.1 X-Ray software
7.2 button Capture software
7.3 Others

8. Global Intraoral cameras market by end users
8.1 Hospital
8.2 Dental clinics
8.3 Others

9. Global Intraoral cameras market by region
9.1 Introduction
9.2 Americas
9.2.1 North America
9.2.1.1 US
9.2.1.2 Canada
9.2.2 South America
9.3 Europe
9.3.1 Western Europe
9.3.1.1 Germany
9.3.1.2 UK
9.3.1.3 France
9.3.1.4 Italy
9.3.1.5 Spain
9.3.1.6 Rest of Western Europe
9.3.2 Eastern Europe
9.4 Asia-Pacific
9.4.1 Japan
9.4.2 China
9.4.3 India
9.4.4 Republic of Korea
9.4.5 Australia
9.4.6 Rest of Asia-Pacific
9.5 Middle East and Africa
9.5.1 United Arab Emirates
9.5.2 Saudi Arabia
9.5.3 Oman
9.5.4 Qatar
9.5.5 Kuwait
9.5.6 Rest of Middle East and Africa

10 Competitive Landscape
10.1 Pricing of BPO services
10.2 Production Capacity of Major Players

11 Company Profile
11.1 Danaher Corporation
11.1.1 Overview
11.1.2 Product/Business Segment Overview
11.1.3 Financial Updates
11.1.4 Key Developments
11.2 Sirona Dental System
11.2.1 Overview
11.2.2 Product/Business Segment Overview
11.2.3 Financial Updates
11.2.4 Key Developments
11.3 Carestream Health
11.3.1 Overview
11.3.2 Product/Business Segment Overview
11.3.3 Financial Updates
11.3.4 Key Developments
11.4 Gendex
11.4.1 Overview
11.4.2 Product/Business Segment Overview
11.4.3 Financial Updates
11.4.4 Key Development
11.5 Owandy Radiology
11.5.1 Overview
11.5.2 Product/Business Segment Overview
11.5.3 Financial Updates
11.5.4 Key Developments
11.6 TPC Advanced Technology Inc.
11.6.1 Overview
11.6.2 Product/Business Segment Overview
11.6.3 Financial Updates
11.6.4 Key Developments
11.7 Digital Doc LLC
11.7.1 Overview
11.7.2 Product/Business Segment Overview
11.7.3 Financial Updates
11.7.4 Key Developments
11.8 DEXIS
11.8.1 Overview
11.8.2 Product/Business Segment Overview
11.8.3 Financial Updates
11.8.4 Key Developments
11.9 Others
12 Conclusion
12.1 Key Findings
12.1.1 From CEO's Viewpoint
12.1.2 Unmet Needs of the Market
12.2 Key Companies to Watch
12.3 Prediction of ventilation device Industry
13 Appendix
