Tuberculosis Vaccine Treatment Market Information, by type of TB test (Tuberculin Skin Test (TST), TB Blood Tests and others), by TB vaccine type (immunotherapeutic vaccines, booster vaccines and others), by end user (Hospital, Clinics and others) – Global Forecast to 2022

Market Synopsis of Tuberculosis Vaccine Treatment Market:

Market Scenario:

By 2035 there will be 95% reduction in TB deaths and a 90% reduction in TB cases for that a comprehensive approach is needed which includes new and more effective vaccines, as well as improved diagnostics and treatment. Currently, BCG or bacille Calmette-Guerin vaccine is used for tuberculosis (TB) disease. The BCG vaccine was developed in 1921. This vaccination is not used for WA routine vaccination program; it is only given in restricted circumstances. It is partially effective as it is not completely protective against diseases in infants and is unreliable against adult pulmonary TB.

The global market for tuberculosis vaccine treatment is expected to reach US$ XX by the end of the forecasted period and is expected to grow at a CAGR of XX%.

Study Objectives Tuberculosis Vaccine Treatment Market:

- To provide detailed analysis of the market structure along with forecast for the next 7 years of the various segments and sub-segments of the Tuberculosis Vaccine Treatment Market
- To provide insights about factors affecting the market growth
• To analyze the tuberculosis vaccine treatment Market based on various factors-price analysis, supply chain analysis, porters five force analysis etc.

• To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- Americas, Europe, Asia-Pacific, and Middle East & Africa.

• To provide country level analysis of the market with respect to the current market size and future prospective

• To provide country level analysis of the market for segments by type of test, by tb vaccine type, by end user and other segments.

• To provide overview of key players and their strategic profiling in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market

• To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the global tuberculosis vaccine treatment market.

North America Tuberculosis Vaccine Treatment Market, by type of TB test:
Intended Audience

- Government Research Laboratories
- Research and Development (R&D) Companies
- Government and Independent Regulatory Authorities
- Market Research and Consulting Service Providers
- Medical Research Laboratories

Key Finding

- The global tuberculosis vaccine treatment market and is expected to reach $XX million by 2022.
- XYZ accounted for the largest market share registering XX% of market share in 2015.
- Regionally, North America holds the largest market share XX% of global tuberculosis vaccine treatment market and is expected to reach $XXX million by 2022 from $XXX million in 2015.
- Asia Pacific market is expected to be the fastest growing market, and expected to grow at a CAGR of XX% from 2016 to 2022.
- On the basis of type tb test, XYZ segment holds XX% market share.

Key Players for Tuberculosis Vaccine Treatment Market:

Some of the key players in this market are: Merck & Co., Inc. (US), Sanofi Pasteur Limited (Canada), Serum Institute of India Pvt. Ltd. (India), GlaxoSmithKline plc. (UK), IDT Biologics GmbH, GreenSignal Bio Pharma Limited (India), Taj Pharmaceuticals Limited (India) and others.

Segments:

Global Tuberculosis Vaccine Treatment Market has been segmented on the basis of type of test which comprises of Tuberculin Skin Test (TST), TB Blood Tests and others. On the basis of tb vaccine type; market is segmented into immunotherapeutic vaccines, booster vaccines and others.
end user; market is segmented into Hospital, Clinics and others

Regional Analysis of Tuberculosis Vaccine Treatment Market:

Globally North America is the largest market for tuberculosis vaccine treatment. The North American market for tuberculosis vaccine treatment is expected to grow at a CAGR of XX% and is expected to reach at US$ XXX Million by the end of the forecasted period.

Europe is the second-largest market for tuberculosis vaccine treatment which is expected to grow at a CAGR of XX%. Asia pacific region is expected to be fastest growing region in tuberculosis vaccine treatment market.

The report for Global Tuberculosis Vaccine Treatment Market comprises of extensive primary research along with the detailed analysis of qualitative as well as quantitative aspects by various industry experts, key opinion leaders to gain the deeper insight of the market and industry performance. The report gives the clear picture of current market scenario which includes historical and projected market size in terms of value and volume, technological advancement, macro economical and governing factors in the market. The report provides details information and strategies of the top key players in the industry. The report also gives a broad study of the different markets segments and regions.

Contents:

1 Introduction
   1.1 Definition
   1.2 Scope of Study
   1.3 Research Objective
   1.4 Assumptions & Limitations
   1.5 Market Structure:

2 Research Methodology
   2.1 Research Process
   2.2 Primary Research
   2.3 Secondary Research

3 Market Dynamics
   3.1 Drivers
   3.2 Restraints
   3.3 Opportunities
   3.4 Challenges
   3.5 Macroeconomic Indicators

4 Market Factor Analysis
   4.1 Porter’s five forces model
4.1.1 Bargaining Power of suppliers
4.1.2 Bargaining Power of Customer
4.1.3 Intensity of Competitor’s
4.1.4 Threat of New Entrants

5 Global Tuberculosis Vaccine Treatment Market, by type of tb test

5.1 Introduction
5.1.1 Tuberculin Skin Test (TST)
5.1.2 TB Blood Tests
5.1.3 Others

6 Global Tuberculosis Vaccine Treatment Market, by type of tb vaccine

6.1 Introduction
6.1.1 Immunotherapeutic vaccine
6.1.2 Booster vaccine
6.1.3 Others

7 Global Tuberculosis Vaccine Treatment Market, by end user

7.1 Introduction
7.1.1 Hospitals
7.1.2 Clinics
7.1.3 Others

8 Global Tuberculosis Vaccine Treatment Market, by regions

8.1 Introduction
8.1.1 North America
8.1.1.1 US
8.1.1.2 Canada
8.1.2 Europe
8.1.2.1 Germany
8.1.2.2 France
8.1.2.3 UK
8.1.2.4 Italy
8.1.2.5 Spain
8.1.2.6 Rest of Europe
8.1.3 Asia Pacific
8.1.3.1 Japan
8.1.3.2 China
8.1.3.3 India
8.1.3.4 Republic of Korea
8.1.3.5 Rest of Asia Pacific

8.1.4 Latin America, Middle East & Africa

9 Company Landscape

9.1 Introduction

9.1.1 Mergers Acquisitions
9.1.2 Collaborations
9.1.3 Release/New Product Launches
9.1.4 Other (Expansion, Updates, Partnership)

10 Company Profile

10.1 GlaxoSmithKline plc.

10.1.1 Company Overview
10.1.2 Product/Business Segment Overview
10.1.3 Financials
10.1.4 Key Developments

10.2 GreenSignal Bio Pharma Limited

10.2.1 Overview
10.2.2 Product/Business Segment Overview
10.2.3 Financials
10.2.4 Key Developments

10.3 IDT Biologics GmbH

10.3.1 Overview
10.3.2 Product/Business Segment Overview
10.3.3 Financials
10.3.4 Key Developments

10.4 Merck & Co., Inc.

10.4.1 Overview
10.4.2 Product/Business Segment Overview
10.4.3 Financials
10.4.4 Key Developments

10.5 Sanofi Pasteur Limited
   10.5.1 Overview
   10.5.2 Product/Business Segment Overview
   10.5.3 Financials
   10.5.4 Key Developments

10.6 Serum Institute of India Pvt. Ltd.
   10.6.1 Overview
   10.6.2 Product/Business Segment Overview
   10.6.3 Financials
   10.6.4 Key Developments

10.7 Taj Pharmaceuticals Limited
   10.7.1 Overview
   10.7.2 Product/Business Segment Overview
   10.7.3 Financials
   10.7.4 Key Developments

11 Appendix
