Global Oxygen Therapy Device Market, by Types (Non-re-breather mask, Incubators, Continuous positive airway pressure, Liquid oxygen device, Hyperbaric oxygen chamber, Nassal cannula, Cylinder, Concentrators and Oximeter); by Application (Hypoxaemia, Heart diseases, Sleeping apnea, Lung diseases, Chronic obstructive pulmonary diseases, Respiratory issues and others) and by End Users (Hospital, Clinics, Patients) - Forecast to 2023

Market Synopsis of Oxygen therapy Device Market

The global market of Oxygen therapy device is expected to grow at approximate 12% CAGR. The market is expected to reach USD 15 billion by 2023 as compared to 8 billion in 2016. Oxygen is required by cells to do work. Oxygen therapy is required for the supplement of oxygen in body through external mean to the people who have respiratory disorder. The oxygen therapy is much required by the people who have chronic obstructive pulmonary diseases (COPD) for long term use.

The levels of oxygen are checked by the oximeter, which checks levels indirectly. The oximeter is a small device which gets clipped into person’s body parts. The levels are checked before giving oxygen therapy so that doctors gets an idea whether patients will get benefited with the oxygen therapy. If the person is found with the low levels of oxygen then he/she can be the one applicant for the oxygen therapy.

Generally, the patients of Asthma, Heart diseases, Sleeping apnea, lung diseases, COPD and other respiratory issues can get benefited from the oxygen therapy as it enhances the breathing power and patient can stay more active for long. The symptoms like weakness, headaches, fatigue, irritability and more will be reduced. The oxygen therapy is also helpful for the children with chronic lung conditions.

The global market of oxygen therapy device is growing fast because of the rising prevalence of lung, respiratory, heart and other diseases. The number is growing across the world because of the changing lifestyle.

Key Players for Oxygen therapy Market:

There are various local and global players who manufacture the devices for oxygen therapy. Some of them are Phillips healthcare, Devilbiss Healthacare, Cardinal Healthcare, Respironics, Salter Labs, Masimo Corporation, Carefusion, Teflex, Bio Med, Fisher & Paykel Healthcare Limited, Inogen, O2 Concepts, Smith medicals, Medtronic, 3B Medical, 3M Healthcare and many more.

Intended Audience

- Oxygen system manufacturers
- Oxygen system Suppliers
- Bio-supplier companies
- Research and Development (R&D) Companies
- Medical Research Laboratories
- Academic Medical Institutes and Universities

Market Segments:

The oxygen therapy device market is segmented by the types of products (Non-re-breather mask, Incubators, Continuous positive airway pressure, Liquid oxygen device,
Hyperbaric oxygen chamber, Nassal cannula, Cylinder, Concentrators and Oximeter), application (Hypoxia, Heart diseases, Sleeping apnea, Lung diseases, Chronic obstructive pulmonary diseases, Respiratory issues and others) and by end users (Hospital, Clinics, Patients).

Oxygen Therapy Device Market Share by Application Type, 2016 (%)

Regional Analysis of Oxygen Therapy Device Market:
Globally, America is the largest market for Oxygen therapy device market. America accounts for the major market of oxygen therapy device, it is nearly about 45%. Europe is the second largest regions which accounts for the maximum use of the oxygen therapy device. Asia-Pacific is the fastest upcoming and growing market and it is expected to grow by 8% CAGR in the coming years. The countries like India and China are accepting the oxygen therapy device as a home based solution.

Study Objectives of Oxygen Therapy Device Market:
- To give detailed analysis of the market structure along with forecast for the next 6 years of the various segments and sub-segments of the Oxygen therapy device market
- To provide insights about factors affecting the market growth
- To analyze the Oxygen Therapy Device market based on various factors- price analysis, supply chain analysis, porters five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries - Americas, Europe, Asia-Pacific, and Rest of the world.
- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segments by type, by end users and its sub-segments
- To provide overview of key players and their strategic profiling in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market
- To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the global Oxygen therapy Device market.

The report for Global Oxygen Therapy Device Market by Market Research Future comprises of extensive primary research along with the detailed analysis of qualitative as well as quantitative aspects by various industry experts, key opinion leaders to gain a deeper insight of the market and industry performance. The report gives a clear picture of the current market scenario which includes past and estimated future market size with respect to value and volume, technological advancement, macro economical and governing factors in the market. The report provides detail information about and strategies used by top key players in the industry. The report also gives a broad study of the
different market segments and regions.
8 Global Oxygen therapy device Market, By End Users
8.1 Hospitals
8.2 Clinics
8.3 Patients

9 Global Oxygen therapy device Market, Region
9.1 Americas
9.2 Europe
9.3 Asia-Pacific
9.4 Rest of the world

10 Company Profile
10.1 Cardinal Healthcare
10.1.1 Overview
10.1.2 Product/Business Segment Overview
10.1.3 Financial Updates
10.1.4 Key Developments
10.2 Carefusion
10.2.1 Overview
10.2.2 Product/Business Segment Overview
10.2.3 Financial Updates
10.2.4 Key Developments
10.3 Devilbis Healthcare
10.3.1 Overview
10.3.2 Product/Business Segment Overview
10.3.3 Financial Updates
10.4 Bio Med
10.4.1 Overview
10.4.2 Product/Business Segment Overview
10.4.3 Financial Updates
10.5 Fisher & Paykel Healthcare Limited
10.5.1 Overview
10.5.2 Product/Business Segment Overview
10.5.3 Financial Updates
10.5.4 Key Developments
10.6 Inogen
10.6.1 Overview
10.6.2 Product/Business Segment Overview
10.6.3 Financial Updates
10.6.4 Key Developments
10.7 O2 Concepts
10.7.1 Company Overview
10.7.2 Product/Business Segment Overview
10.7.3 Financial Updates
10.7.4 Key Development
10.8 Phillips healthcare.
10.8.1 Overview
10.8.2 Product/Business Segment Overview
10.8.3 Financial Overview
10.8 Smith medicals
