Global Fermented Plant Extract Market Information - by Product (Soybean, Comfrey, Garlic, Seaweed, Nettles, Carrot, Dandelion and others), by Form (Liquid, Powder and others), by Application (Food and Beverages, Pharmaceuticals, Fertilizers, Animal Feed and others) and Region - Forecast to 2023

Market Synopsis of Fermented Plant Extract:
Market Scenario:
Fermented plant extract is available either in liquid or powder form which is used for various industrial applications. Fermented plant extract is becoming more popular than normal plant extract due to increasing demand of fertilizer and animal feed. Fermentation process of plant extracts enhances the bio-active substances, minerals and other usable organic compounds in the end product. This has been key reason for increasing application of fermented plant extracts as a fertilizer in agriculture industry since the last few years. Heavy investment by key players in research and development activities will boost the market growth in upcoming years.

Key Players
The key players profiled in the Global Fermented Plant Extract Market are ID bio (France), Phytoneering Extract Solutions GmbH (Germany), Xi'an Hao-Xuan Bio-Tech Co., Ltd (China), Xian Sost Biological Science & Technology Co., Ltd (China), Ecuadorian Rainforest, Llc (U.S.), Honson Pharmatech Group Ltd (Canada) and Chengdu PRF Medication Research Co., Ltd (China)

Study Objectives of Fermented Plant Extract Market
• Detail analysis of the market’s segments and sub-segments
• To estimate and forecast market size by product, form, application and region
• To analyze key driving forces which are influencing the market
• Region level market analysis and market estimation of North America, Europe, Asia, and rest of the world (ROW) and their countries
• Value chain analysis & supply chain analysis of fermented plant extract market
• Company profiling of major players in the market
• Competitive strategy analysis and mapping key stakeholders in the market
• Analysis of historical market trends and technologies along with current government regulatory requirements

Intended Audience
• Fermented plant extract manufacturers
• Pharmaceutical industry
• Food industry
• Agriculture industry
• Retailers and wholesalers
• Traders, importers and exporters
Key Findings:
- Liquid form of fermented plant extract is projected to grow at a higher rate compared to other forms of fermented plant extract.
- Fermented plant extract application as a fertilizer will witness higher growth during the forecast period.

Segments
Fermented Plant Extract product has been segmented on the basis of product which include soybean, comfrey, garlic, seaweed, nettles, carrot, dandelion, and others. Fermented plant extract made from seaweed and comfrey will witness significant growth during the forecast period.

Fermented Plant Extract product has been segmented on the basis of form which comprises of liquid, powder and others. Liquid form of fermented plant extract holds the major market share due to increasing demand of fertilizers.

Fermented Plant Extract product has been segmented on the basis of application which comprises food and beverages, pharmaceuticals, fertilizers, animal feed and others. Fermented plant extract application as fertilizer will witness the growth rate during the forecast period.

Regional Analysis
The Global Fermented Plant Extract market is segmented into North America, Europe, and Asia Pacific along with rest of the world (RoW). Asia Pacific region is estimated to dominate the market followed by North America, China and India are major fermented plant extract producers in the Asia Pacific region. China dominates the market in this region due to large production of fermented plant extract made from soybean in China. Increasing demand of seaweed fermented extract from developed countries like U.K., Germany and Italy is influencing the market growth in the Europe region. U.S., Mexico and Canada are major fermented plant extract producers in the North-American region. Strong potential of crop production and rising application of fermented plant extract will boost market growth in the North America region.

The Global Fermented Plant Extract Market is segmented under the following regions mentioned below:

North America
- U.S.
- Canada
- Mexico

Europe
- Germany
- France
- Italy
- Spain
- U.K.
- Rest of Europe

Asia-Pacific
- China
- India
- Australia
- Japan
- Rest of Asia Pacific

Rest of the world
- Iran
- Turkey
- Saudi Arabia
- South Africa
- Others

The report for Global Fermented Plant Extract Market of Market Research Future comprises of extensive primary research along with the detailed analysis of qualitative as well as quantitative aspects by various industry experts, key opinion leaders to gain the deeper insight of the market and industry performance. The report gives a clear picture of the current market scenario which includes historical and projected market size in terms of value and volume, technological advancement, macro economical and governing factors in the market. The report provides details information and strategies of the top key players in the industry. The report also gives a broad study of the different markets segments and regions.
2. Market Introduction
  2.1 Definition
  2.2 Scope of the study
  2.2.1 Research Objectives
  2.2.2 Assumptions
  2.2.3 Limitations
  2.3 Markets Structure
  2.4 Stakeholders

3. Research Methodology
  3.1 Research Methods
    3.1.1 Primary research
    3.1.2 Secondary research
  3.2 Forecast model
  3.3 Market Size estimation

4. Market Dynamics
  4.1 Introduction
    4.1.1 Value chain analysis
    4.1.2 Porter’s five forces
    4.1.3 Supply Chain Analysis
    4.1.4 Macroeconomic indicators Analysis for top 5 Producing countries

5. Market Trends
  5.1 Consumer Trends
  5.2 Trends in Production and Consumption
  5.3 Trade (Import-export) Analysis

6. Global Fermented Plant Extract Market-By Product
  6.1 Introduction
  6.2 Market size (sub segments)
    6.2.1 Soybean
    6.2.2 Comfrey
    6.2.3 Garlic
    6.2.4 Seaweed
    6.2.5 Nettles
    6.2.6 Carrot
    6.2.7 Dandelion and
    6.2.8 Others

7. Global Fermented Plant Extract Market- By Form
  7.1 Introduction
  7.2 Market size (sub segments)
    7.2.1 Liquid
    7.2.2 Powder and
    7.2.3 Others

8. Global Fermented Plant Extract Market- By Application
  8.1 Introduction
  8.2 Market size (sub segments)
8.2.1 Food and Beverages
8.2.2 Pharmaceuticals
8.2.3 Fertilizers
8.2.4 Animal Feed and
8.2.5 Others

9. MARKET - By Region
9.1 Introduction
9.2 North America
9.2.1 U.S.
9.2.2 Canada
9.2.3 Mexico
9.3 Europe
9.3.1 Introduction
9.3.1 Germany
9.3.2 France
9.3.3 Italy
9.3.4 U.K.
9.3.5 Spain
9.3.6 Rest of Europe
9.4 Asia Pacific
9.4.1 China
9.4.2 India
9.4.3 Australia
9.4.4 Rest of Asia-Pacific
9.5 RoW
9.5.1 Egypt
9.5.2 South Africa
9.5.3 Others

10. Competitive Landscape
10.1 Introduction
10.2 Product Launch/Development
10.3 Partnerships and Collaborations
10.4 Acquisitions
10.5 Business Expansion

11. COMPANY PROFILES
11.1 ID bio (France)
11.2 Phytoneering Extract Solutions GmbH (Germany)
11.3 Xi’an Hao-Xuan Bio-Tech Co., Ltd (China)
11.4 Xian Sost Biological Science & Technology Co., Ltd (China)
11.5 Ecuadorian Rainforest, Llc (U.S.)
11.6 Honson Pharmatech Group Ltd (Canada)
11.7 Chengdu PRF Medication Research Co., Ltd (China)
